

## Pick a Place, Plan a Garden

### Materials

- Farm Credit Knowledge Center [Annuals, Perennials, and Biennials and How to use them in the Garden](#) Blog
- [2023 USDA Plant Hardiness Zone Map](#)
- Research Device
- Writing utensil
- Paper

### Procedure

1. Have students read Farm Credit Knowledge Center [Annuals, Perennials, and Biennials and How to use them in the Garden](#) Blog
2. Have students think about an area in the United States they would like to vacation at/move to/learn more about. Make sure all students pick a different area.
3. Have students research the area on the [2023 USDA Plant Hardiness Zone Map](#)
4. Have student's research plants and write a plan for a garden in the area they chose.
  - You could potentially have students do a class presentation as well. They could share facts about the area, each plant they chose and why it works in the area.
